## Arrangement

The collection is arranged alphabetically by state in the United States, and then by city, county, or region; then alphabetically by non-U.S. countries. The identification codes were assigned by Joseph Mele: the first two letters are state abbreviations; the following two letters are the race/ethnicity of the interviewee (most often black or caucasian) and their gender; and the numbers are the year the interview was conducted, followed by the birth year of the interviewee in parentheses. Original order and numbering were maintained. The original collection guide from the Dialect Tape Center at the University of South Alabama is included in the collection. The collection is organized into the following series

and subseries: Series 1. Dialect recordings by geographic area; subseries 1. United States spoken English. Subseries 2. International spoken English.

## Biographical Note

Joseph Charles Mele was born in Hammond, Louisiana. He was a graduate of Louisiana State University, where he received a doctorate focusing on communication arts. During his career, he held positions at Louisiana State University, University of Alabama, University of Louisiana-Lafayette, and University of South Alabama where he spent 27 years as professor of speech, speech pathology, audiology, and drama. He died January 12, 2018, in Mobile, Alabama, at the age of 85.

## Scope and Content

Audio recordings of American English dialects from the University of South Alabama, Doy Leale McCall Rare Book & Manuscript Library's Dialect Tape Center collection created by Joseph C. Mele, a former faculty member, between 1975-1980. The collection includes 305 audiocassettes of 30-minute dialect samples recorded by Mele and other recordists (agents) of individuals in 31 states, particularly in the South, with more numerous recordings made in Alabama, Tennessee, North Carolina, Virginia, Louisiana, Arkansas, and Missouri. In addition, 41 recordings were made of English spoken by non-Americans from 23 different countries in Asia, Europe, and Australia, as well as in Mexico, Panama, and Nigeria. The birth year of each speaker is documented and ranges from the 1890s to 1950s. Samples generally consist of two parts: an impromptu monologue and a 44-sentence sequence highlighting each English phoneme.
