## Accruals

No further accruals are expected.

## Processing History

The Michael Alpert collection was processed by Maya Lerman and Sara Ludewig in 2023. Materials were arranged into the first six series by Clara Byom at CTMD, and Sara Ludewig later added additional series to better describe the large number of unsorted tapes. ## Biographical Note

Michael Alpert is a scholar, linguist, and performer whose work focuses on the expressive culture of Eastern European Jews in the late nineteenth, twentieth, and early twenty-first centuries in Europe and the United States. His former research affiliations include New York City's YIVO Institute for Jewish Research, the Center for Traditional Music and Dance, Oxford University, Columbia University, Yale University, and Indiana University. He was the 2015 recipient of a National Heritage Fellowship from the National Endowment for the Arts. In addition to his scholarly work on klezmer and Yiddish folk music, he is a performer with the ensembles Brave Old World and Kapelye where he performs primarily on violin, percussion, and accordion.

## Scope and Content

The Michael Alpert collection includes field recordings of interviews, conversations, social events, rehearsals, and performances of klezmer music and Yiddish folk songs primarily in New York City, Los Angeles, and Eastern Europe. The collection focuses on the expressive culture of Eastern European Jews in the later nineteenth, twentieth, and early twenty-first centuries and documents immigrant generation and U.S. born practitioners from that period. With recordings in both English and Yiddish, the collection thoroughly documents aspects of vernacular culture and history, especially in light of the cataclysmic displacement and dispersion of Eastern European Jews in the twentieth century.

The analog materials that were digitized at CTMD are available as both WAV and MP3 files. Cassette liners were also digitized at CTMD and are available as PDF files.
