Scope and Content Note

The papers of Matthew Fontaine Maury (1806-1873) span the years 1825-1960, with the bulk of the material dating from the 1830s to the 1870s. The papers consist of letterbooks, correspondence, diaries, notebooks, electrical experiment book, journals, drafts and printed copies of speeches and articles, charts, related printed matter, and proofs of his unpublished work "Astronomy." The papers are organized into the following series: [General Correspondence](#), [Writings, Addresses, and Lectures](#), [Letterbooks](#), [Miscellany](#), [Additions](#) and [Oversize](#).

The papers pertain chiefly to Maury's naval career, his scientific activities and interests, and his service to the Confederacy in the Civil War. There is also considerable material concerning the many medals and honors conferred upon him for his scientific contributions. Some subjects touched upon are mines, meteorology, the colonization of Mexico by former Confederates, physical geography of Virginia, and oceanography. Much of the [correspondence](#) is family correspondence, including many of Maury's own letters.

Prominent among his correspondents are William M. Blackford, William C. Hasbrouck, Nathaniel J. Holmes, Admiral Marin H. Jansen, Privy Councilor to the King of Holland, Ann Hull Herndon Maury, Richard L. Maury, Rutson Maury, Maximilian, Emperor of Mexico, Franklin Minor, James Hervey Otey, Francis Henney Smith, Francis W. Tremlett, and Mary Herndon Maury Werth.

Placed with the collection are papers of Charles Alphonso Smith regarding Maury including clippings and notes on Maury as well as correspondence with Mary Maury (Mrs. James R.) Werth concerning her father. Also included is a typescript of a life of Maury by Catherine Cate Coblenz.

The 1978 [addition](#) to the Maury Papers consists of [correspondence](#) between various Maury family members, 1858-1878. These papers were received by the Library between 1966 and 1975. Correspondents include Nannie Corbin, Wellford Corbin, Matthew Fontaine Maury (1849-1886), Mary Herndon Maury Werth, and Eliza Hull Maury Withers. Of particular interest are the letters Maury received during the periods when he was special Confederate agent to Great Britain in London and an immigration official for Southern expatriates in Mexico.

The 1997 [addition](#) consists of Maury papers received by the Library from 1989 to 1996. It primarily contains letters written by Matthew F. Maury to his cousin, Ann Maury, relating his daily activities. Also included are correspondence with other family members, one letter of 1858 to Benjamin Silliman concerning expeditions and packet ships, news clippings (some dating from the mid-twentieth century), and copies of navigational charts.
