## Organizational History

Founded as Former Members of Congress in 1970, the name of the organization was changed to Former Members of Congress, Inc. in 1980, to Association of Former Members of Congress in 1981, and to United States Association of Former Members of Congress in 1983. Shortly after its founding, Brooks Hays and the staff of the organization began recording interviews with Hays's former congressional colleagues. The oral history program was established on a more formal basis in 1973, and additional interviews of former congressional representatives were conducted by the organization's members and college professors. The project expanded in 1977, when Former Members of Congress launched a major oral history initiative, The Modern Congress in American History, that produced most of the transcripts in this collection. The National Endowment for the Humanities and the Rockefeller Foundation were the principal funding sources for the project. Preliminary research was undertaken at the Library of Congress and at state and local libraries, and the personal papers of congressional representatives were frequently consulted before the interviews were undertaken.

## Scope and Content Note

The records of Former Members of Congress, Inc. Oral History Interviews span the years 1962-1985, with the bulk of the material dating from 1969 to 1980. The oral history project was known as The Modern Congress in American History. The records are organized into the following series: [Part I: Transcripts, 1968-1981](#), [Part II: Transcripts, 1970-1980](#), and [Part II: Administrative File, 1962-1985](#).

The records largely consist of transcripts of interviews with former members of Congress conducted by members and staff of the organization between 1969 and 1980. [Part I: Transcripts, 1968-1981](#) also includes transcripts prepared by other oral history programs that the staff of the organization found useful as background material. These transcripts are indicated by an asterisk. [Part II: Transcripts, 1970-1980](#) contains oral history interviews for most of the members listed and biographical files used as background material. A date appearing after the name of the congressional representative indicates the presence of a transcript. Some transcripts are duplicates of those found in Part I: Transcripts. [Part II: Administrative File, 1962-1985](#) contains the working files of the oral history project including grants from the National Endowment of the Humanities and the Rockefeller Foundation, financial records, reports, and correspondence with both interviewers and interviewees and among the staff.
