Acquisition Information

The records of the American Lands Alliance were given to the Library of Congress by the organization in 2009. Additional items were given by the Brainerd Foundation in 2009.

Processing History

The records of the American Lands Alliance were arranged and described in 2016 by Amanda L. Loeb with the assistance of Kathleen O'Neill.

Digital files were received in the records of the American Lands Alliance on a variety of digital storage media. Each digital storage media was assigned a unique digital ID number. Use the digital ID number to request access copies of the files associated with each media. A description of the standard processes taken on all born digital records can be found in the Processing History Note: Born Digital Collection Material at <https://hdl.loc.gov/loc.mss/eadmss.digital>.

Transfers

Multiple items have been transferred to the Motion Picture, Broadcasting, and Recorded Sound Division. Seven optical disks containing GIS and spatial data, including one disk of files on roadless areas in the Gifford Pinchot National Forest, were transferred to the Geography and Maps Division. All transfers are identified as part of the American Lands Alliance Records.

Other Repositories

Archived versions of the American Lands Alliance website, dating from 1999 to 2009, can be accessed online through the Internet Archive at https://web.archive.org/web/20040701000000*/http://www.americanlands.org/

Copyright Status

Copyright in the unpublished writings of the American Lands Alliance in these records and in other collections of records in the custody of the Library of Congress has been dedicated to the public.

Access and Restrictions

The records of the American Lands Alliance are open to research. Researchers are advised to contact the Manuscript Reading Room prior to visiting. Many collections are stored off-site and advance notice is needed to retrieve these items for research use. Access to digital content is available onsite only in the Manuscript Reading Room and requires advanced notice. Researchers are advised to contact the Manuscript Reading Room prior to visiting.

Scope and Content Note

The records of the American Lands Alliance span the years 1976-2009, with the bulk of the material dating from 1990 to 2008. The records are in English, and are organized into the following series: [Administrative File](#), [Alerts and Releases](#), [Digital Files](#), [Events File](#), [Fire Management](#), [Funding](#), [Legislation](#), [Miscellany](#), [Northwest Forest Plan](#), [Off-Road Vehicles](#), [Restoration](#), [Subject Files](#), and [Oversize](#).

The [Administrative File](#) consists of board of directors meeting minutes, chronological work files, financial materials, personnel files, planning documents, reports, and other materials, providing an overview of the organizational structure. The [Alerts and Releases](#) series includes printed news releases sent to supporters, concerning various environmental issues, initiatives, legislation, and events. Material in the [Events File](#) chiefly concerns Lobby Week, an annual meeting in Washington, D.C., where conservation activists received instruction on working with lawmakers on a variety of issues.

The [Fire Management](#) series includes reports, congressional testimony, and other materials concerning fire management and policy under the United States Forest Service. Topics also include the Biscuit Fire in the Siskiyou National Forest in Oregon and California, the Cerro Grande Fire in New Mexico, fire dependent ecosystems, hazardous fuels reduction, fire suppression, and the United States Forest Service's National Fire Plan. [Funding](#) files consist of correspondence, memoranda, reports, and other materials concerning donations, grants, and fundraising efforts. Prominent funders include the Bullitt Foundation and the Pew Charitable Trust.

The [Legislation](#) series includes federal appropriations, congressional hearings and testimony, environmental bills, lobbying campaigns, and material concerning the National Environmental Policy Act (NEPA) and the National Forest Management Act (NFMA). There is a significant amount of material concerning the timber salvage rider attached to the Emergency Supplemental Appropriations and Rescissions Act of 1995, the Healthy Forests Restoration Act of 2003, and the Forest Emergency Recovery and Research Act of 2006.

The [Miscellany](#) series consists of American Lands Alliance notebooks, photographs, press files, and reports published predominately by outside organizations. The [Northwest Forest Plan](#) series includes correspondence, alerts, congressional hearings, and reports concerning federal policies governing land use on federal lands in the Pacific Northwest, including conservation of the Northern Spotted Owl. The [Off-Road Vehicles](#) series consists of materials concerning the need for restrictions on off-road vehicle use on National Forest and National Park lands, as well as two major initiatives: a recreation program and a roadless campaign. The [Restoration](#) files chiefly concern collaborative forest restoration efforts, including salvage logging and stewardship principles. [Subject Files](#) span a variety of topics, and include materials concerning county payments, the Endangered Species Act, fisheries, industry, litigation, a recreational fee demonstration program, timber sales, and the United States Forest Service.

[Digital Files](#) include email archives, digital images, PowerPoint presentations, reports and publications, staff files and backups, databases, video files, and website materials. Digital files are in a variety of formats and were received on CDs or floppy disks transferred with the paper material. Digital files represent the bulk of material in the collection dating from 2000 to 2008.
