Scope and Content Note

The papers of Nancy Pelosi (1940-) span the years 1930-2012 with the bulk of the material dating from 1987 to 2010. The papers are organized into the following series: [Administrative File](#), [Constituent File](#), [Correspondence](#), [Digital Files](#), [Events and Scheduling](#), [Leadership File](#), [Legislative File](#), [Personal File](#), [Political File](#), and [Press and Communications](#). Withdrawn series include [Restricted](#), [Closed](#), [Classified](#), [North Atlantic Treaty Organization](#), and [Oversize](#).

Although a small amount of family and personal papers are found in the Personal File and scattered throughout the Correspondence series, the Pelosi papers are focused on her service in the United States Congress starting in 1987, and document her historic role as the first woman Speaker of the House and her activities in other Democratic leadership positions. The papers represent a broad range of Pelosi's congressional activities, including political actions, budget and legislative processes, public appearances and speeches, and routine administrative duties. Many file groupings were created and used by staff members and have been maintained and identified with the staff member's name. Notable staff members with identified files include former chiefs of staff Carolyn A. Bartholomew, John A. Lawrence, Judith Lemons, Terri McCullough, and Catlin O'Neill. Other staff members with prominent files are Dean Aguillen, Scott Boule, Amy Fuerstenau, Jerry Hartz, Lara Levison, Lori Pepper, and Carlos Sanchez. The collection is highly interconnected; files related to a particular topic may be found in more than one location.

The [Administrative File](#) represents Pelosi's San Francisco and Washington, D.C., office operations and staff. Calendars, call and visitor logs, contact lists, staff lists, job descriptions, staff manuals as well as some individual chief of staff files document the workings of the offices. Also included here are files regarding Pelosi's office facilities in San Francisco and Washington, D.C., as well as some material on the organization of Pelosi's first congressional office in 1988.

The [Constituent File](#) concerns Pelosi's work for her home district in San Francisco and the Bay Area of California, variously numbered as the 5th, 8th, and 12th districts. Prominent file groups document Pelosi's role in establishing and maintaining national parks in the San Francisco Bay area, her concerns with the economic and environmental issues surrounding the closure of military bases in her district, and her commitment to the improvement of water resources and transportation networks in northern California. The series is organized into ten subseries: [Alphabetical File](#), [Golden Gate National Recreation Area](#), [Grants](#), [Hunters Point Naval Shipyard](#), [Maritime National Historical Park](#), [Predecessors](#) (files from the previous Congressional representatives, John L. Burton, Phillip Burton, and Sala Galant Burton), [Presidio](#), [Transportation](#), [Treasure Island](#), and [Water Resources](#).

The [Correspondence](#) series is largely arranged as received from Pelosi's office. The correspondence groups created by her staff have been maintained as subseries with the addition of a Miscellaneous correspondence subseries for loose correspondence that was not connected to another file. The [Alphabetical](#) and the [Chronological](#) subseries contain an assortment of correspondents; top government officials, international leaders, fellow members of Congress, California citizens, and personal friends are all represented in these files. Formal congressional correspondence is in the [Co-signed Letters](#) and [Dear Colleague Letters](#) subseries. A set of form letter responses that were used by Pelosi's staff comprises the [Issue Mail](#) subseries. Other Correspondence subseries are [Miscellaneous](#), [Recommendation Letters](#), [Reports and Logs](#), [Thank You Letters](#), and [White House](#).

The [Digital Files](#) series is in two subseries: General Files and Withdrawn Files from the Paper Files. The [General Files](#) were copied from the Pelosi office's server and are independent of the paper files. These files are primarily staff files, events, scheduling, press and communications, and House Democratic Caucus material. [Withdrawn Files from the Paper Files](#) are from digital storage media removed from paper files in the course of processing and are primarily image and video files. A cross reference to the original location in the paper files is provided for each of the Withdrawn Files.

The [Events and Scheduling](#) series has two subseries. The [Chronological](#) subseries documents Pelosi's many speaking appearances, fundraisers, meetings, conferences and other events. The chronologically arranged folders usually include planning material, speech notes, and items from the event. Itineraries, schedules, and calendars are also included in this subseries as well as a large file for the 2009 Presidential inauguration. The [Speeches](#) subseries is primarily composed of the files of staff speech writers.

The [Leadership File](#) focuses on Pelosi's campaigns for House leadership positions: democratic whip, minority leader and Speaker of the House. The series documents her assumption of these positions as well as many of the duties and activities specific to the leadership position.

The [Legislative File](#) is the largest series in the collection. The file reflects her work with various committees and caucuses including the appropriations, ethics, and intelligence committees and the House Democratic Caucus. The series documents the wide range of legislative issues and priorities that came before the House of Representatives. The files of Pelosi's director of floor operations, Jerry Hartz, is in a separate Floor Operations subseries and is arranged as received. Early in her House career, Pelosi formed a congressional working group on China, which is also documented in this series as are files on her various trips with congressional delegations. The series is divided into nine subseries: [Appropriations](#), [Committees and Caucuses](#), [Congressional Delegations](#), [Congressional Working Group on China](#), [Floor Operations](#), [Floor Statements](#), [Issues File](#), [Legislative Activity Guides](#), and [Staff Files](#).

The [Personal File](#) includes biographical material, files about awards received, Pelosi's involvement with non-congressional organizations and conferences, financial documents, and family papers, including items concerning her father, Thomas D'Alesandro, the former mayor of Baltimore, Maryland. Personal, professional, family, and miscellaneous photographs are also found in the Personal File.

Papers in the [Political File](#) relate to Pelosi's political campaigns, her fundraising trips and events, and her part in national Democratic politics. As a House leader, Pelosi played a role in crafting political messaging for the Democratic party. Files for the Democratic National Committee and the Democratic Congressional Campaign Committee document Pelosi's

prominent role in national party politics. Additionally, this series has files concerning California politics, including the recall election of Governor Gray Davis.

The [Press and Communications](#) series contains both press coverage of Pelosi and her office's official communications. Included are news clippings, mailers, press releases, statements, editorials, transcripts of press conferences and interviews, website information, and contacts lists. Files relating to Pelosi's memoir *Know Your Power* are also in this series.

Presidio, 1979-2011

Files documenting the closure of the Presidio Army base in 1988 and its subsequent redevelopment as a national park jointly managed by the Presidio Trust and National Park Service. Testimonies, statements, correspondence, and reports trace the Defense Base Closure and Realignment Commission's (BRAC) recommendation to close the Presidio Army base in the late 1980s, assess the economic impact on the city of San Francisco, describe plans to deactivate the Sixth Army, and document requirements and plans for environmental cleanup of the base. Records pertaining to future use planning and ultimate transfer of the land to the Department of the Interior in 1994 include newsletters and publications from the National Park Service Presidio Planning Council, correspondence and reports from the Presidio Council, and correspondence and news clippings. Pelosi's efforts to prevent the base from going to auction and to preserve it as a historical site are heavily documented in her legislative work from the 103rd and 104th Congresses. This includes bill drafts, testimonies, hearing materials, and correspondence from Pelosi's initially unsuccessful efforts to establish the Presidio Trust Act during the 103rd Congress and her later successful efforts to sign into law the Presidio Trust Act

BOX 101-203

Correspondence, 1987-2012

Correspondence groupings, primarily as created by Pelosi's office, originally in a series of binders or sets of folders. Each correspondence set has been separately maintained as a subseries. A Miscellaneous File was created and consists of loose correspondence found in the papers with no clear connection to a particular file. A subseries was also created for the correspondence reports and logs found among the papers. Various categories of correspondents are found mixed together in the Alphabetical, Chronological, and Miscellaneous correspondence subseries.

Arranged alphabetically into ten subseries: Alphabetical File, Chronological File, Co-Signed Letters, Dear Colleague Letters, Issue Mail, Miscellaneous, Recommendation Letters, Reports and Logs, Thank You Letters, and White House.

BOX 101-128

Alphabetical File, 2004-2012

Correspondence dating from Pelosi's time as Minority Leader and Speaker of the House.

Contains both received letters and copies of outgoing correspondence with a wide range of correspondents: top foreign and national government leaders, ambassadors, fellow members of Congress, top union and business leaders, California politicians, school students, concerned citizens, and personal correspondents.

The 2004-2005 letters are organized alphabetically and the 2007-2012 letters are organized alphabetically by first letter only.

BOX 286-679	Legislative File, 1983-2011 Files related to Pelosi's role in the legislative process in the United States House of Representatives. Documents include correspondence, briefing material, issue files, legislative activity guides, reports, financial material, itineraries, schedules, floor statements, floor operations, and travel files. Organized alphabetically into nine subseries: Appropriations, Committees and Caucuses, Congressional Delegations, Congressional Working Group on China, Floor Operations, Floor Statements, Issues File, Legislative Activity Guides, and Staff Files.
BOX 286-367	Appropriations, 1983-2011 The Appropriations subseries includes papers from Pelosi's work as a member of the Appropriations Committee as well as her work to obtain funding for various projects, especially items of importance to her home district in San Francisco. The process of allocating government funds by yearly fiscal budgets is documented in the correspondence and memoranda with members of Congress, various organizations, California government officials, executive branch officials, other committee members, and with Pelosi staff members. Many of the documents were organized into binders designated as "Projects," "Programs," or by one of the Appropriations subcommittee names. The Appropriations subseries also includes folders titled "Pelosi campaign for committee membership" relating the Congresswoman's 1988 and 1990 lobbying of House members for an appointment to the powerful Appropriations Committee. Material dating from 1983-1987 originated in Sala Burton's office, Pelosi's predecessor from the 5th Congressional district of California. Arranged by fiscal years. Files from a fiscal year date from the year before, when requests are made and considered, to the year of the fiscal year, when supplemental appropriations are determined.

BOX 398-435	Congressional Working Group on China, 1986-2003 The Congressional Working Group on China was organized by Pelosi in 1989 in response to the Tiananmen Square Massacre and President Bush's veto of the Chinese Student bill later that same year. Pelosi formed the bipartisan group to review ways to improve U.S.-China relations and to promote human rights causes. Later, the group expanded its agenda to focus on weapons proliferation and trade practices with China. Of particular interest to the Working Group were the most favored nation (MFN) and free trade agreements. Pelosi's staff maintained the records of congressional China trade debates of the 1990s in chronological binders documenting both sides of the debate and Pelosi's efforts to require conditions for renewing MFN status for China. Also documented in this subseries is Pelosi's response to the human rights crisis in Tibet, her efforts to assist Chinese students studying in the United States, and other efforts to advocate for human rights. Files include copies of bills, statements, dear colleague letters from legislators arguing for and against the extension, correspondence, press releases, and newsletters outlining position statements of various nonprofit human rights groups, clippings documenting actions taken by the Clinton administration, correspondence between Pelosi and other legislators and interested organizations, and material documenting hearings held before the Ways and Means Committee. Arranged alphabetically by topic or material type.

BOX 704-722 **Press and Communications, 1985-2011**

The series contains communications put out by Pelosi's office, editorials by Pelosi, news clippings about Pelosi, press conference and interview transcripts, and files relating to Pelosi's memoir *Know Your Power* which contain publicity, reviews, and a draft of the opening. Most of the mailers include newsletters and information sent to constituents focusing on individual issues such as social security, education, and healthcare. Similar to the mailers are the "Facts by Fax" press releases, news, and related documents that were faxed to constituents between 1996 and 2000. Staff files, especially those from communications directory Brendan Daly, focus on messaging, outreach, and communications strategy. Files contain clippings, mailers, press releases, statements, tributes, editorials, press conference transcripts, talking points, interviews, press contacts lists, and Pelosi website information.
