## Administrative History

Composer Gian Carlo Menotti created the Festival dei Due Mondi in 1958 and its American counterpart, Spoleto Festival U.S.A., in 1977. Located in Charleston, South Carolina, Spoleto Festival U.S.A presents performances of operas, plays,

music, and dance, as well as talks, film screenings, and visual art displays, in venues across the city during a two- to three-week period. Performances feature both new works by known composers and authors and re-interpretations of traditional works.

## Scope and Content Note

The Spoleto Festival Programs consist of individual performance programs as well as festival programs from both the Festival of Two Worlds (Festival dei Due Mondi) in Spoleto, Italy, and the Spoleto Festival U.S.A. in Charleston, South Carolina. Materials between 1958 and 1969 are exclusively from the Festival of Two Worlds while those from 1978 to 2001 are from both festivals.

Among the materials in the collection are festival season programs and schedules, specific event programs, and thematic flyers (opera, theater, music, jazz, and dance).

## Organization of the Spoleto Festival Programs

The collection is arranged in one series:
